**DETAILED ACTION**

**REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The claims are patentable over the prior art of record, because the teachings of the references taken as a whole, do not show or render obvious the combination set forth in claim 1 and 11 "at least one guide element having an axis of rotation extending generally perpendicular to the edge surface; and a movable belt engaging the at least one guide element and having a portion which contacts the guide surface during sliding of the door leaf".

***Election/Restrictions***

2. This application is in condition for allowance except for the presence of claim 17 directed to species non-elected without traverse. Accordingly, claim 17 has been cancelled.

3. Claims 1 and 11 are allowable. The restriction requirement between Species A-E, as set forth in the Office action mailed on 9/21/2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 4, 8, and 13-16, directed to Species A-E no longer withdrawn from consideration because the claim(s) requires all the limitations of

an allowable claim. However, claim 17, directed to Species B withdrawn from consideration because it does not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

#### **EXAMINER'S AMENDMENT**

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 17, previously withdrawn is cancelled.
